Portland Nursery is excited to be hiring retail staff for both of our locations, for the Spring of 2023! If you love working in a fast-paced, fun, team-oriented environment, and have at least one year of retail or customer service experience, we want to hear from you! Plant knowledge and passion is a plus.

Our goal at Portland Nursery is to set the standards for horticultural excellence, complete selection and, above all, satisfied customers. As a seasonal employee your first priority is to support our goals by providing excellent customer service. Customer service encompasses direct interaction with customers as well as the way you conduct additional tasks at the nursery.

A cashier's responsibilities are 3-part:

1. Cashiering - learning our Point-of-Sale system and maintaining an interested and helpful attitude at the register. Cashiering is done in 2-3 hour shifts in order to break up the day.
2. Phones - learning our digital phone system and maintaining a helpful attitude while handling phone calls in a timely and professional manner.
3. Departmental work and sales - when shift work is done, cashiers are assigned work in 1 of 4 departments:

Garden: Perennials, annuals, vegetables, herbs, and grasses

Production: Unloading deliveries, price tags, and stocking

Hardgoods: Fertilizers, pottery, soils, houseplants, and irrigation

Yard: Trees, shrubs, fruit, bamboo, and vines

Tasks include assisting customers while shopping for plants or garden supplies, stocking, assisting with displays or merchandising, cleaning, watering, loading customer cars and working with a team to support the goals of the department.

Physical requirements for cashiers:

Ability to lift up to 50 lbs.

Ability to work in a standing position for up to 3 hours at one time.

Ability to work in a setting that may contain synthetic fertilizers, herbicides, pesticides and insecticides.

Resumes are encouraged, but will not be considered without a completed application.
